"I was very impressed by the quality of reporting and also the turnaround times. If we had any questions the team at DMC-RR were readily accessible and always helpful."

NORTH CUMBRIA UNIVERSITY HOSPITALS | Dr J Berry
Working with DMC Radiology Reporting since 2014

30+

NHS
Organisations

Ready to go | The parent company, DMC Healthcare, has over 50 years experience in mobilising quality services for the NHS and independent sector across the UK. We have a skilled team and finely-tuned processes at our disposal to quickly and efficiently connect with clients.

Seamless | Our new partnership with Carestream enables us to integrate seamlessly and securely with any Trust system. We provide the hardware, software and administrative support at no extra cost, making us your best radiology reporting partner.

Data safe | We provide full HL7 connectivity for secure data transfer. Our service can be hardware or software only, and you stand to reduce administrative overheads with the automatic retrieval of study data, uploaded directly onto your system. Our workflow data is secure, meeting ISO27001 standards. Data is transferred from client sites to HSCN secure cloud software via secure, encrypted network connections, with our compression software ensuring swiftest possible transfer of images.

50+

Years
Experience

400+

Skilled,
compassionate
staff

Our key sub-speciality skills:

- HRCT of the Chest
- Cancer Staging (including RECIST evaluations)
