

# Turnaround Times

- + 24-48 hrs turnaround time - a key metric we take pride in
- + Your 'virtual' radiology partner - at your finger tips!
- + Routine, subspecialist and hot reporting options

*"DMC supply us with sub speciality reporting modalities, providing around 1,300 reports a month and always in a timely and professional manner."*

ALLIANCE MEDICAL | Chris Drakeford - Operations Director  
Working with DMC Radiology Reporting since 2014

## We hit our mark

Our turnaround targets are pre-agreed with each client, taking account of volumes, modality and urgency. Unlike some competing services we will not commit to work we cannot deliver to the highest standard and in good time.

## Your go-to reporting partner when the pressure is on

The workload for radiology departments continues to rise year-on-year. DMC's sub-speciality ethos is just one aspect of our commitment to you. Let our team of UK-trained consultants help you clear reporting backlogs, backed by our assured, responsive operations team.

### Our key sub-speciality skills:

- HRCT of the Chest
- Cancer Staging (including RECIST evaluations)
- Lung Cancer Screening
- CT Colonography
- Prostatic Imaging
- Neuroradiology
- Head & Neck Imaging

A service underpinned by a robust governance and clinical framework.

A service backed by Carestream.

UK-based radiologists supported by our Operations Team will support your radiology needs 24/7, 365 days a year.
